CONVEYOR BELT TRAINING

CLASSES NOW AVAILABLE!

Join Mi Conveyance Solutions for a two-hour session of hands-on training* covering all topics listed below. Each two-hour session can include up to 20 participants. Need training for more than 20? No problem, we can hold three complete sessions in a day.

Your maintenance team will leave with a better knowledge of how to fix problem areas – from conveyor inspection to proper splicing techniques. Contact your Account Manager or Conveyor Belt Specialist today to schedule your training.

Conveyors and Belting 101 – 30 minutes

- Conveyor Belt Basics / System Overview
- Conveyor Inspection
- Conveyor Belt Installation and Maintenance
- Conveyor Troubleshooting

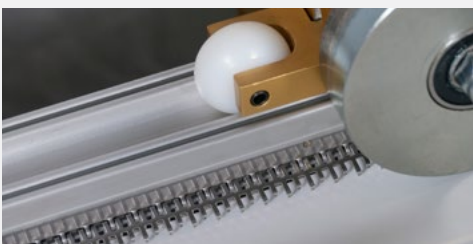

Conveyor Belting Splicing – 30 minutes

- Types of Conveyor Belt Splices
- Selecting the Proper Splice
- Squaring a Conveyor Belt
- Evaluating a Clipper® Lace

RedDrive® Splice Review – 30 minutes

- Flexco® Aero 325 Press
